

# Plant-Tech SPRAY-DEP™

SPREADER • STICKER •  
SURFACTANT • DEPOSITION AID •  
DRIFT REDUCTION AGENT

## Principal Functioning Agents

Nonylphenol Ethoxylate, Polyethyleneoxide, N-propyl Alcohol Trolamine.....	21.20%
Constituents ineffective as spray adjuvants.....	78.80%
	<b>TOTAL...100%</b>

All ingredients are exempt from the requirement of a tolerance under 40 CFR 180.

## WARNING

**KEEP OUT OF REACH OF CHILDREN**  
**READ ENTIRE LABEL BEFORE USING**

**Hazard Statements**  
Combustible liquid. (In containers greater than 119 gallons only).  
Causes serious eye irritation.  
Causes skin irritation.

**Precautionary Statements**  
Keep away from heat/sparks/open flames/hot surfaces.  
No smoking.  
Wash thoroughly after handling.  
Wear protective gloves and eye/face protection.

**First Aid**  
**If in Eyes:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.  
**If Swallowed:** Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.  
**If Inhaled:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.  
**If on Skin or Clothing:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

**Emergency Phone Numbers**  
Have the product container with you when calling a poison control center or doctor, or going for treatment.  
CHEMTREC: (800) 424-9300  
POISON CONTROL CENTER: (800) 222-1222

**SHAKE WELL BEFORE USE**  
**NOT FOR AQUATIC USE**

**General Information**  
Plant-Tech SPRAY-DEP is formulated to improve efficacy of herbicide, insecticide, fungicide and nutrient spray applications through enhanced contact, infiltration and adhesion to plant surfaces.

Plant-Tech SPRAY-DEP improves spray deposition and minimizes off-target drift.

The sticking properties of Plant-Tech SPRAY-DEP resists wash-off of targeted surfaces from rainfall and irrigation.

**Storage and Disposal**  
Do not contaminate water, food or feed by storage or disposal of this product.

**Storage:** Store in tightly closed containers in dry, well-ventilated area away from excessive heat and incompatibles (oxidizing agents, strong acids, strong bases).

**Product Disposal:** Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility. Dispose of contents in accordance with local and national regulations.

**Container Disposal:** Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.agrecycling.org](http://www.agrecycling.org). Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of containers in accordance with local and national regulations.

**DOT Shipping Statement**  
**For Containers Greater Than 119 Gallons Only!**  
NA1993, Combustible Liquid, N.O.S.,  
(aromatic naphtha), PG III

**Directions For Use**  
For use with products registered for agricultural, forestry, industrial, municipal, non-cropland, turf, ornamental, rights-of-way and other uses.

Always read and follow instructions of the pesticide label regarding the use of an adjuvant. If the pesticide label does not specifically recommend, yet does not prohibit, the use of a spreader-sticker adjuvant, the applicator should conduct an advance phytotoxicity test using a small volume of tank mix combinations to confirm compatibility and plant safety.

**Plant-Tech SPRAY-DEP may be used by ground or air applications.**  
Rates per 100 Gallons Spray Mix  
Defoliants, Desiccants, Herbicides.....1 to 4 pints  
Fungicides, Acaricides, Insecticides.....1/4 to 2 pints  
Wettable Powders.....1/2 to 3 pints

**For Field Crop Applications:**  
Use 1/4 pint to 2 pints per acre.

**For Drift Suppression:**  
Use at least 2 pints of Plant-Tech SPRAY-DEP per 100 gallons of spray mix to minimize off target spray drift.

Note: Plant-Tech SPRAY-DEP will not eliminate spray drift. Off-target drift hazards vary with the type of pesticide and application conditions. Plant-Tech SPRAY-DEP improves spray deposition and suppresses drift by producing a more uniform spray pattern.

**Mixing Instructions**  
**SHAKE WELL BEFORE USE**  
1) Add water as indicated by pesticide and/or fertilizer label instructions;  
2) Add pesticide;  
3) Agitate;  
4) Add Plant-Tech SPRAY-DEP last to the tank mix.

**Warranty**  
Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Plantnetics, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Plantnetics' control prevent elimination of risks in connection with the use of its products. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
