

# DRY TANK CLEANER™

FOR CLEANING AGRICULTURAL  
TANKS, LINES AND NOZZLES

## CONTAINS

Proprietary Blend of pH Altering Ingredients, Surfactants and Sodium Salts

## DANGER

**KEEP OUT OF REACH OF CHILDREN**

**READ ENTIRE LABEL BEFORE USING**

### Hazard Statements

May be harmful if swallowed.  
Harmful in contact with skin.  
Causes severe skin burns and eye damage.  
Causes serious eye damage.

### Precautionary Statements

Do not breathe dust, fume, gas, mist, vapors or spray. Wash hands, face, and other affected areas thoroughly after handling. Wear protective gloves/ clothing and eye/face protection.

### First Aid

**If in Eyes:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

**If Swallowed:** Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

**If Inhaled:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

**If on Skin or Clothing:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

### Emergency Phone Numbers

Have the product container with you when calling a poison control center or doctor, or going for treatment.  
CHEMTREC: (800) 424-9300  
POISON CONTROL CENTER: (800) 222-1222

**NOT FOR AQUATIC USE**

### General Information

DRY TANK CLEANER is a multi-purpose cleaning agent for use with agricultural spray equipment.

DRY TANK CLEANER imparts a high pH to spray water to assist removal of chemical deposits, acid-based pesticides and fertilizer residues.

The surfactant ingredients in DRY TANK CLEANER work to dissolve and remove chemical residue.

### Storage and Disposal

Do not contaminate water, food or feed by storage or disposal of this product.

**Storage:** Store locked up. Keep container tightly closed and away from incompatible materials (soft metals and acids).

**Product Disposal:** Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility. Dispose of contents in accordance with local and national regulations.

**Container Disposal:** Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.agrecycling.org](http://www.agrecycling.org). Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of containers in accordance with local and national regulations.

### Special Precautions After Use

After use of products containing 2,4-D, comers, cracks, hoses, seals, etc., tend to retain these materials and require special attention. After flushing with DRY TANK CLEANER, rinse with water as directed, and retain a sample of the rinse water. Apply this sample to a susceptible plant, such as an ornamental, tomato, or vine. Observe after several hours (preferably 24 to 48 hours, depending on weather conditions). If wilting occurs, repeat cleaning process as recommended in the Directions For Use.

DRY TANK CLEANER is a trademark of Plantnetics, LLC

### Manufactured for:

15814 Champion Forest Drive, #191  
Spring, TX 77379

832-843-3199 • [www.plantnetics.com](http://www.plantnetics.com)

### Directions For Use

**Tanks or Sprayers Equipped with Hand Gun or Hose:** Add one pound of DRY TANK CLEANER to 100 gallons of water. Close valve to spray boom, open by-pass valve and agitate vigorously for 15 minutes. Use hand gun or hose to cleanse inside of tank. Open spray boom to flush DRY TANK CLEANER and water solution out of tank. For sprayers being reused immediately, refill tank with 100 gallons of water, close hand gun valve and empty sprayer through boom nozzles. For sprayers being stored, do not rinse after treatment. DRY TANK CLEANER leaves a protective film to prevent corrosion.

**Tanks or Sprayers Not Equipped with Hand Gun or Hose:** Fill tank with water and add one pound of DRY TANK CLEANER per 100 gallons of water. Then follow above instructions. Important: For best results, fill tank with one pound of DRY TANK CLEANER per 100 gallons of water, agitate and circulate throughout spray system, let stand 3 to 4 hours. Drain and rinse entire system thoroughly.

**For Small Sprayer:** Use one teaspoon per one gallon of water. Agitate vigorously, rinse with water, then repeat procedure.

**For Cleaning Fertilizer Equipment:** Flush equipment with water. Mix one pound of DRY TANK CLEANER in 50 gallons of water and spray all parts that have been in contact with fertilizer with DRY TANK CLEANER and water solution. Always flush with water before reuse.

**UN1759, CORROSIVE SOLIDS, N.O.S.  
(Disodium Trioxosilicate & Sodium Hydroxide),  
8, PG II - Limited Quantity**

### Warranty

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Plantnetics, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Plantnetics' control prevent elimination of risks in connection with the use of its products. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
