Proprietary Blend of Sodium Hydroxide and Sequestering Agents.....100%

All ingredients are exempt from the requirement of a tolerance under 40 CFR 180.

TOTAL...100%

WARNING

KEEP OUT OF REACH OF CHILDREN

READ ENTIRE LABEL BEFORE USING

Hazard Statements

Causes eye irritation.
Causes mild skin irritation.

Precautionary Statements

Wash thoroughly after handling. Wear protective gloves/clothing and eye/face protection.

First Aid

If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

If on Skin or Clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

Emergency Phone Numbers

Have the product container with you when calling a poison control center or doctor, or going for treatment.

CHEMTREC: (800) 424-9300

POISON CONTROL CENTER: (800) 222-1222

General Information

LIQUID TANK CLEANER is a high pH cleaning concentrate that thoroughly penetrates, solubilizes and removes pesticide residue and hard-water mineral deposits from sprayer tank walls, hoses, screens and nozzles.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal of this product.

Storage: Store in a well-ventilated place. Keep cool. Store in a tightly closed container. Store in original container only.

Product Disposal: Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility. Dispose of contents in accordance with local and national regulations.

Container Disposal: Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.agrecycling.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of containers in accordance with local and national regulations.

Directions For Use

LIQUID TANK CLEANER can be used with large volume sprayers, and with tanks or sprayers not equipped with a hand gun or hose.

Use Rates: LIQUID TANK CLEANER is effective at dilution rates of 1 to 4 quarts per 100 gallons.

- Adjust the dilution rate as needed for individual conditions.
- Circulate treated solution throughout the entire spray system for 10 to 20 minutes.
- Use a high-pressure sprayer or hose to rinse all interior areas and tank walls.
- Purge hoses, spray lines and nozzles for at least one minute.
- After cleaning, drain system and rinse tanks and spray areas.

Special Precautions

The use of LIQUID TANK CLEANER or other tank cleaners does not guarantee the removal of all residues. Some pesticides like 2,4-D and dicamba, may leave persistent or hard to remove residues. In order to ensure that all residues have been removed, apply a sample of the rinse water to sensitive plants (tomato, cotton, ornamentals, etc.) and after sufficient time, observe for wilting or severe stress. If stress occurs, repeat cleaning process and retest as above.

Warranty

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Plantnetics, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Plantnetics' control prevent elimination of risks in connection with the use of its products. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
