All ingredients are exempt from the requirement of a tolerance under 40 CFR 180.

Precautionary Statements

Wear protective gloves/clothing and eye/face protection. Avoid skin contact. Handle in accordance with good industrial hygiene and safety practice. Always wash hands after handling, before meals and after work.

First Aid

If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

If on Skin or Clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

Emergency Phone Numbers

Have the product container with you when calling a poison control center or doctor, or going for treatment.
CHEMTREC: (800) 424-9300
POISON CONTROL CENTER: (800) 222-1222

General Information

SoilAssist™ is a specialized blend of modified starch with deposition enhancing agents designed to improve deposition and soil residual activity for most herbicides, fungicides, and nutrients when used in a soil application.

SoilAssist provides improved efficacy and enhances the performance of a range of soil applied crop protection spray applications.

Crop protection products and fertilizers are more readily adsorbed to the targeted soil root zone resulting in reduced potential for leaching of the active ingredients.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal of this product.

Storage: Store in original container in a cool, dry place away from heat and direct sunlight. Keep container tightly sealed. Handle and open the container with care. Do not open until ready to use. Once container is opened, contents should be used as soon as possible. Do not return residues to the product containers.

Product Disposal: Wastes resulting from the use of this product must be disposed of on-site or at an approved waste disposal facility. Dispose of contents in accordance with local and national regulations.

Container Disposal: Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.agrecycling.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of containers in accordance with local and national regulations.

SoilAssist is a trademark of Plantnetics, LLC

Manufactured for:

15814 Champion Forest Drive, #191
Spring, TX 77379

832-843-3199 • www.plantnetics.com

Directions For Use

SoilAssist is formulated for use in agriculture, forestry, golf course, industrial, non-cropland, roadside, turf, and ornamentals.

Use Rates for General Ground Use Application:
24 fluid ounces per acre.

Use Rates for Turf Application:
3 fluid ounces per 1,000 square feet.

Mixing Instructions

Prior to application make sure all equipment is properly cleaned. Always follow directions found on accompanying crop protection or nutrient labels.

1. Fill spray tank one-half full of water and begin agitation.
2. Add SoilAssist first to tank mix.
3. Add liquid soluble crop protection products and nutrients while continuing agitation.
4. Fill the remaining tank with water while continuing agitation.

Warranty

Note: Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Plantnetics, LLC warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Plantnetics' control prevent elimination of risks in connection with the use of its products. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.

NOT FOR AQUATIC USE
